Systems of
Gov't

Federal

1

Systems of
Gov't

Parliamentary

The power is given to the states. There is little or no national power.

ex. The European Union

A system where the power is shared between the national gov't and state gov'ts.

- Has 3 branches

Ex. U.S.

A system of government where the power is in the legislative branch and leader of country is the head of the legislature.

ex. England

5

Systems of Gov't

How are gov'ts organized?

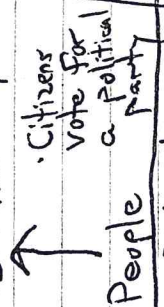

4

Systems of Gov't

Unitary

Parliamentary

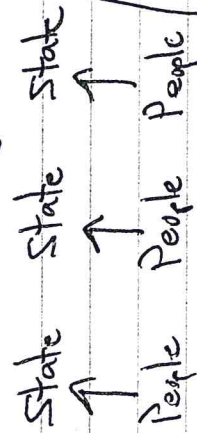

Legislative Body
